

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of biased media.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It's more important that we see real people from our own communities and more substantive news about issues that matter rather than a 1-sided politicized viewpoint. Please review this broadcast decision carefully in light of the law. Please act to require responsibility in broadcasting.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
